

DELAWARE TRACK WILL BE BACK TO NORMAL IF SUN STAYS OUT

DELAWARE, OH—“Our racetrack will be pretty sharp by post time for the Little Brown Jug,” says Delaware Track Consultant Greg Coon. (Greg made this statement at 10:30 a.m. Thursday morning. }

“Earlier today the track was pretty sticky along the rail and the horses were getting their toes stuck. However, if the sun stays out it will suck the moisture out of the soil,” added Coon. Coon has been Delaware track consultant since 1991.
